

Edoardo Delio Frisenda

I am an Aerospace Engineering student at Politecnico di Milano, with a strong interest in technology and innovation within the aerospace sector. My goal is to continue growing both academically and professionally, with the aim of contributing to the development of innovative solutions in the aeronautical industry. I am always seeking new challenges and opportunities to apply and expand my knowledge.

Education and Qualifications

High School Diploma
Istituto Zaccaria, Milan, Italy
From primary school through the completion of secondary school

Sep 2023 - Present

Aerospace Engineering
Politecnico di Milano, Milan, Italy

Sep 2023 - Present

I am currently studying Aerospace Engineering at Politecnico di Milano, gaining a solid foundation in engineering principles, with a focus on the fundamentals of flight, space exploration, and technology.

Work experience

Student Member
BCG - Boston Consulting Group, Milan, Italy

Sep 2021 - Jun 2022

I conducted extensive market research to analyze companies like Airbus, focusing on market dynamics, competition, objectives, and expansion opportunities, particularly in the area of sustainability.

Student Member
SGB Humangest Holding, Milan, Italy

Jun 2022 - Jul 2022

During this time, I focused on research and development of personnel, aiming to identify and enhance skills, foster professional growth, and optimize team potential.

Courses

Diamo spazio allo Spazio
Rotary International

Attended a two-day seminar focused on the Space Economy, covering topics such as mission architecture, remote sensing, and the economic value of Big Data. The event featured lectures and workshops led by professors from the University of Milano-Bicocca and professionals from leading aerospace companies including Apogeo Space, MEEO, Neptune, MAPSAT, GeneGIS GI, and Thales Alenia Space.

Italia chiama Europa – Innovazione, Sostenibilità e Finanza per lo sviluppo della new Space Economy
Deloitte

Attended a conference focused on European funding strategies supporting innovation, sustainability, and the growth of the New Space Economy. The event featured experts from Fondazione E. Amaldi, LINKS Foundation, Corallia, Cleantech Bulgaria, and AB Corporation, emphasizing networking and international collaboration for innovative project development.
